DIVISION OF  
OIL GAS & MINING

NOTICE OF DECISION

We have determined that you are in noncompliance with 43 Code of Federal Regulations (CFR) 3809.1-3 (1990 edition), which requires a submission of a notice for all exploration or mining activities disturbing five acres or less. We have found a graded road continuing past the area covered in your existing notice, U67-N00-O3, for some 300 feet plus. This road addition is not included in the existing notice.

You shall be required to submit a new notice describing the activities which occurred. Included in this submission will be the location of activities, both old and new, on a map with a scale no smaller than a 7 1/2 minute USGS topographic map. Submission of all required material shall be sent to the San Rafael Resource Area office within 15 days of the date of this letter. Any areas from the existing notice which are not included in the new notice will be reclaimed this calendar year.

Failure to comply with the conditions of this decision record shall result in Carl E. Kingston, et al., being required to submit a plan of operations with no further activity occurring until the plan has been submitted and approved. A reclamation bond will also be required upon approval of the plan.

You have the right of appeal to Utah State Director, Bureau of Land Management, in accordance with 43 CFR 3809.1 (1990 edition). If you exercise this right, your appeal, accompanied by a statement of reasons and any arguments you wish to present which would justify reversal or modification of the decision, must be filed in writing within 30 days after the date of this decision. This decision will remain in effect during appeal, unless a written request for stay is granted.
